

OVERVIEW

The Millenium Travel Restraint Anchor is a temporary fall protection solution designed to secure workers operating near roof edges or elevated structures. It prevents access to fall-risk zones, ensuring compliance with safety standards while maintaining efficiency during installation and maintenance work.

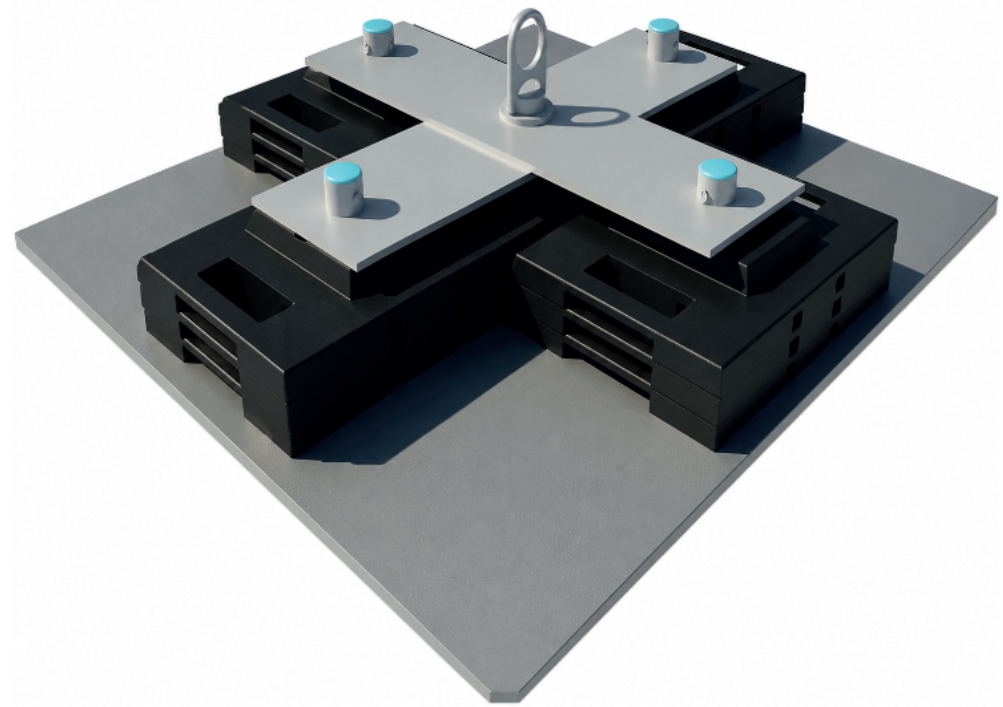

WARRANTY

10 YEARS

on materials

KEY BENEFITS

- Enhances worker safety by preventing access to fall hazards
- Ideal for flat roofs and temporary edge work
- Quick installation and repositioning
- Compatible with various guardrail systems
- Designed for compliance with Canadian safety standards

SELF-SUPPORTING TRAVEL RESTRAINT ANCHORAGE SYSTEM

INNOVATIVE AND SAFE SOLUTIONS FOR
ROOFTOP ACCESS AND CIRCULATION

APPLICATIONS

- Installation and relocation of guardrail systems
- Roof-edge work without permanent guardrails
- Work beyond warning lines in controlled environments

STANDARDS & COMPLIANCE

The system is manufactured and tested to meet or exceed:

- Static load: 4 kN (900 lbs)
- CSA Z259.16-15
- RSST – Article 349
- CSTC – Article 2.10.14
- Ontario Regulation 213/91 – Article 26.7.5
- ISO 9001 manufacturing certification
- CWB-certified welds (Aluminum 47.2 / Steel 47.1)

REQUIRED SAFETY EQUIPMENT

- CSA-approved safety harness with proper attachment points
- Non-retractable lanyard

INSTALLATION GUIDELINES

- Install at a safe distance from fall hazards (not a fall arrest system)
- Never install while exposed to fall risk
- Follow official Millenium installation guide
