

A SOLUTION DESIGNED FOR SAFETY AND PERFORMANCE

The ACCESS self-supporting ladder with integrated safety system provides optimal protection for working at height. With its vertical fall arrest system and the option to integrate a travel restraint system, it meets modern safety requirements while reducing risks for users.

KEY BENEFITS

- ✓ Complete protection for vertical access
- ✓ Reduced risks and liabilities
- ✓ Compliance with Canadian and international standards
- ✓ Suitable for new and existing buildings
- ✓ Fast and modular installation
- ✓ Durable with low maintenance
