

HIGH PERFORMANCE ICE-BREAKER

Millenium Ice-breaker is the most powerful roof and concrete snow melter on the market. It is safe for all types of waterproofing membranes and it does not chemically damage mature concrete when the recommended doses are respected.

Its composition based on calcium chloride (90% concentrate) is effective down to -32°C . Its granular texture allows it to quickly infiltrate ice and snow for optimal efficiency.

RECOMMENDED USED

- De-icing of roof drains, parapet overflow drains and gutters.
- Maintenance of walkways, crossovers and stairs.
- Reduction of ice build-up on roofs.
- Roof repairs in winter conditions.

SIZE AND PACKAGING

48 pails of 10 KG per pallet

DIRECTIONS

Spread evenly over the roof area to be treated, avoiding creating product build-up. It is important to close the container tightly after use as it may absorb moisture from the air until it turns into brine solution. Store in a dry place.

WARNING

Keep out of reach of children.

FIRST AID

INHALATION: In case of inhalation and adverse reactions, evacuate victim to fresh air and maintain normal respiration. Call a POISON CENTER or doctor in case of sickness. **SKIN CONTACT:** In case of skin contact, rinse thoroughly with water. In case of skin irritation: Obtain medical consultation or medical attention. Remove contaminated clothing and wash-up before re-use **SPECIFIC TREATMENT:** Wash thoroughly with water. **EYE CONTACT:** If product is in the eyes, rinse thoroughly with water for several minutes. Remove contact lenses if the victim is wearing them and they can be easily removed. Continue rinsing. If irritation occurs, consult a doctor. **INGESTION:** If swallowed, rinse mouth. Contact a poison control centre or doctor if you are not feeling well.
