ACCESSORY

MILLENIUM BALLAST GUARD

PRODUCT INFORMATION

Features

- Manufactured from premium 304 Grade, 22 gauge stainless steel.
- Folded hemmed edges top and bottom for safe handling and installation.
- Exclusive Millenium engineered unique clip-secure design allows flexible size adjustment.
- Designed to fit roof drain domes with diameters ranging from **26.7 to 31.8 cm (10.5 to 12.5 in.)**.
- Far easier to transport and store conveniently with 10 pieces per box.
- 3 integral clips connect easily and securely for fast installation.
- Precision-punched **6.4 mm (1/4 in.)** drainage openings covering **28% of the total surface area** ensure optimum drainage performance on inverted roof systems.
- Folded Smooth hemmed top and bottom edges help protect the integrity of the roofing membrane.

Benefits

- Prevents roof drains and drain leaders from becoming blocked.
- Protects drain strainers from damage caused by ballast or aggregate.
- Reduces roof maintenance and cleaning costs.
- Requires virtually no maintenance.

Why Choose Millenium

Millenium products are engineered to meet the demanding requirements of architects, engineers, roofing consultants, and building managers by delivering outstanding performance, long-term durability, and ease of installation.
