

PRODUCT INFORMATION

Features

- Constructed of premium heavy gauge aluminum.
- 1" wide × 18" long × 4.7 mm thick.
- Designed for either 3", 4" or 6" new construction drains.
- Tested to withstand over 300 lb. pull test.
- Complete with set of 2 Allen key bolts and nuts.
- Strong, easy to install and fits all Millenium drains and most others.
- Packaged 5 sets per box in either 3", 4" or 6".

Installation Note

Under-deck clamps are recommended to provide a secure, long-lasting installation of the roof drain on all but poured-in-place installations. Roof drains must be firmly secured to the roof with an under-deck clamp; otherwise, due to snow loads, rain loads and regular expansion and contraction, the drain may work in and out of the roofing, causing roofing membranes to flex and fail.

Millenium Warranty

Millenium provides a limited ten (10) year warranty on materials against manufacturing defects. This warranty does not cover damage resulting from misuse, product modification, or installation that does not comply with Millenium's installation recommendations.

- 4" Under Deck Clamp
- 6" Under Deck Clamp

Customer Testimonial

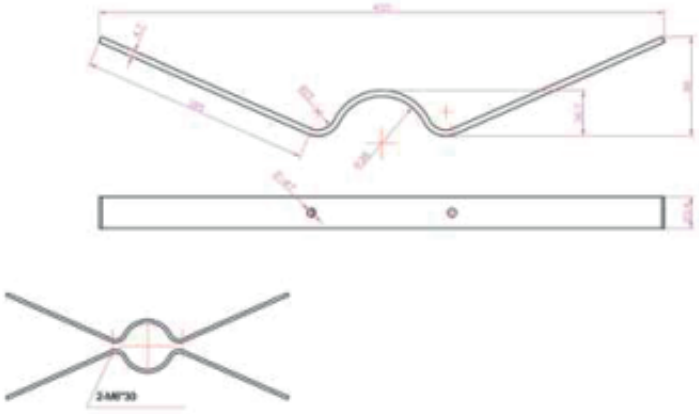

"These are very strong, easy to install and prevent any upward movement on 3", 4" and 6" New Construction drains. Nice to see an affordable accessory that works so well."

Dave Skinner, Tri Tech Waterproofing Services

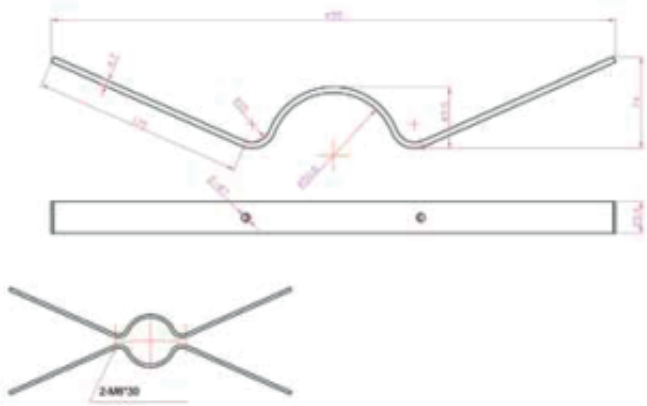

Millenium Quality

Millenium copper roof drains are manufactured under rigorous quality control processes to deliver long-lasting performance, outstanding corrosion resistance, and reliable installation. Every product is engineered to meet the requirements of architects, engineers, and building professionals.
